Appendix D Historic Property Screening Investigation

The purpose of this document is to demonstrate the Town of Southbridge's compliance with the historic property screening requirements of the 2016 NPDES MS4 permit.

As a municipality previously covered under the 2003 Small MS4, we previously certified that we were not affecting historic properties. We are not, at this time, constructing or installing any new stormwater control measures that require disturbance of less than 1 acre. Accordingly, we have indicated on our NOI & SWMP that we fall under Eligibility Criterion A for Historic Properties.
